Qu 1: You are assigning to develop a project in which you have to achieve following goals.

1. Write a program for creating Laptop.
2. **Name**, **Price**, **Processor**, **Ram** and **Hard drive** should be defined in base class as **constant**.
3. You need to inherit these functionalities in your program and Print Details.
4. All the laptop should have different **name, price, processor, ram and hard drive**.

YOUR OUTPUT SHOULD BE LIKE THIS

```
Name : Lenovo

Price : $1000

Processor : i3

Ram : 2GB

HDD : 500GB

**********************************

Name : Dell

Price : $1500

Processor : i5

Ram : 4GB

HDD : 1TB
**********************************

Name : Sony

Price : $2000

Processor : i9

Ram : 8GB
```

```
HDD : 1TB
```

`**********************************`

SUMMARY

In this programming Exercise you learned how to use constant value in inheritance.
